## 1. Introduction

1.1 We are an equal opportunities employer. We are committed to equality of opportunity and to providing a service and following practices which are free from unfair and unlawful discrimination. The aim of this policy is to ensure that no applicant or member of staff receives less favourable treatment on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy or maternity, race, religion or belief, sex or sexual orientation, or is disadvantaged by conditions or requirements which cannot be shown to be relevant to performance. It seeks also to ensure that no person is victimised or subjected to any form of bullying or harassment.

1.2 We value people as individuals with diverse opinions, cultures, lifestyles and circumstances. All employees are covered by this policy and it applies to all areas of employment including recruitment, selection, training, deployment, career development, and promotion. These areas are monitored and policies and practices are amended if necessary to ensure that no unfair or unlawful discrimination, intentional, unintentional, direct or indirect, overt or latent exists.

1.3 Our HR Team has particular responsibility for implementing and monitoring the Equality and Diversity in Employment Policy and, as part of this process, all personnel policies and procedures are administered with the objective of promoting equality of opportunity and eliminating unfair or unlawful discrimination.

1.4 All employees, workers or self-employed contractors whether part time, full time or temporary, will be treated fairly and with respect. Selection for employment, promotion, training, or any other benefit will be on the basis of aptitude and ability. All employees will be helped and encouraged to develop their full potential and the talents and resources of the workforce will be fully utilised to maximise the efficiency of SEED International.

1.5 Equality of opportunity, valuing diversity and compliance with the law is to the benefit of all individuals in SEED International as it seeks to develop the skills and abilities of its people. While specific responsibility for eliminating discrimination and providing equality of opportunity lies with managers and supervisors, individuals at all levels have a responsibility to treat others with dignity and respect. The personal commitment of every employee to this policy and application of its principles are essential to eliminate discrimination and provide equality throughout the organisation.

1.6 This policy sets out SEED International's approach to equality, diversity and inclusion. SEED International is committed to making this policy fully effective in relation to its employees, contractors and learners and takes advice, where appropriate, from the Equality and Human Rights Commission and other sources.

SEED International's qualifications are suitable for a diverse range of learners. SEED International is committed to removing barriers to learning and accessing its products and ensuring equality of opportunity and inclusion for all its learners. SEED has an appeals procedure which conforms to regulatory requirements, details of which are in all policy documents and accessible on the website. SEED ensures that its qualifications are suitable for as diverse a range of learners as possible. It adheres to regulatory guidance in regards to the development, delivery, assessment and awarding of SEED International's qualifications to ensure there is no bias in content which might discriminate against or disadvantage any groups of learners sharing a particular characteristic, in terms of language, content or means of assessment, other than those directly related to the purpose of the unit qualifications. If any such feature or barriers are necessary, their nature and the reason for their inclusion are clearly explained.

SEED International will never reject a request relating to accessibility to its qualifications, except where acceptance of the request is not logistically possible or where acceptance would undermine the validity of the assessment or the reliability of the results criteria for the assessment.
