Frist Place	Audio Podcast: Single Episode	Ziyue Guo	Sendelta International Academy Shenzhen	The Forgotten Corners of Her World	- Had a solid intro and outro - with the use of music it felt professional and was recognizable as a podcast - I love that you named the podcast, nice touch! - Very good choice of subject matter. - Music was a bit loud in the beginning, but it was more natural throughout. To make it even *more* natural in the future, practice using fades and keyframing audio. - I can tell you really put a lot of thought and attention into making the episode and the script. - Solid storytelling and description of workspaces - good job at showing not telling - good call to action
Second Place	Audio Podcast: Single Episode	Chen Yaqi	Shenzhen College of International Education	A Study on the Impact of Being a Dog or Cat Person	- Narrative and flows conversationally - I appreciate the use of two different 'characters' to express different parts of the argument - would make sure both voices are at the same level, one felt louder than the other - Good sound quality! most breaths are cut out and no background noise. - The script and delivery is funny and entertaining. Very interesting subject matter, it sounds silly but you really put time into making it informative and nuanced. - Good explanation of the scientific method and experiments.

					- addresses bias and differences of experiment methods - approachable for the average audience
Third Place	Audio Podcast: Single Episode	Liuxuanxuan	Shenzhen College of International Education	There are no innocent bystanders	- good overview of topic, examining the role of the bystander in different contexts - I liked your focus on instructors and their role and power as bystanders - mic does pop a bit so make sure to wear headphones when you are recording so you can do a sound check before you record. - good call to action!
Honorable Mention	Audio Podcast: Single Episode	Xi Yuanyuan	Shenzhen Nanshan Huitong School	Bully	/
Honorable Mention	Audio Podcast: Single Episode	Liu Guanhui	Richen Academy	How is brainwashing successful?	/
Frist Place	Beginning Designer/Artist	Xia Xinyi	Shanghai Weiyu High School	Thorns and Chains	This piece is beautiful. Your inspiration behind it has so much meaning and you executed it so well. I really like your use of color and black and white. I also think you did an amazing job of making it "busy," while still maintaining empty space. Great use of contrast throughout. Well done!
Second Place	Beginning Designer/Artist	Xia Xinyi	Shanghai Weiyu High School	Crown of Thorns	I love how bright the thorns and the birds are. They look angelic compared to the dark background. I would have liked to see more detail in some of the rocks and the blouse. You made the birds look like they're in motion despite being 2D. Incredible work.
Third Place	Beginning Designer/Artist	Liu Shukai	Fountain Valley School of Colorado	Technology fantasy	Great work. I love the detail you included in this piece. You could have added more shading to

					create some contrast, but I really like the bright colors you chose.

Frist Place	Health, Science and Agricultural Writing	Li, Yingyao	Shenzhen College of International Education	WHY MALARIA IS MAKING A BIG COMEBACK IN THE 21ST CENTURY DESPITE BREAKTHROUGH VACCINES?	While the punctuation in the headline is incorrect, this article overall is incredibly well done. The lede is engaging and draws the reader in, and the rest of the article is supplemented with facts. The formatting and subheads are partiucularly helpful, and the inserted links are very useful. Fantastic work!
Second Place	Health, Science and Agricultural Writing	Zhao Nanxing	German Swiss International School	Green Gold or Blood Spice — The Bitter Truth Behind the Vanilla Crisis	Incredibly insightful, this article uses language beautifully to draw the reader into the narrative. The balance between hard data and explanations are well struck, and the subheads are useful in guiding the reader from subject to subject.
Third Place	Health, Science and Agricultural Writing	Liang Xiyu	Harrow International School Hong Kong	Ethical and privacy concerns Surrounding AI-Driven wearable health devices in Hong Kong	While I would recommend refraining from speaking in the first person, this article is well thought out and uses a personal example to appeal to the reader. Honorable Mention	Health, Science and Agricultural Writing	Alex Ty Wang	Shanghai American School Puxi Campus	Fusion Fixation: The Allure and Promise of Nuclear Fusion	Well done! Try to avoid starting with a date if you can, as it's generally the least interest element of a story. I appreciated the vast research, although I believe stories like this one are stronger when told through stories first and then research afterward.
Third Place	Sports Feature Writing	Wu Runshi	Shanghai World Foreign Language Academy	Zheng Qinwen-The Fighting Spirit	The article was well-written and kept me interested. I liked that you discussed her support system and why she fould success, although I believe feature stories like this should also do more to profile who the athlete is outside the court.

Second Place	Sports Game/Event Coverage	Cui Yujie	The High School Affiliated to Renmin University of China	2024 Chengdu International Rowing Regatta for Elite Universities from the World Concludes	Good story but it gets lost somewhere. I think it would have been better written as two separate stories: one for the rowing event itself and another for what was surrounding the event.
Frist Place	Sports Page(s) Design	Lei Chuyu	BASIS Bilingual School Shenzhen	Olympic Dreams in Tangrams	I like the design elements but would have liked some text that demonstrates how the tangrams bring together the sportsmanship of the Olympic games.
Second Place	Sports Page(s) Design	Zhao Shuran	Chengdu Foreign Languages School	Decoding the Olympics with Math	I liked the design elements but I think the SDE summary should have been bigger on the page. The graph is just too hard to read and the other images dominate this too much. It's also a little too cluttered.
